

## # Test Plan – OrangeHRM (orangehrmlive.com)

### ## 1. Introduction

This document describes the test plan for the OrangeHRM Live application.

The objective of this testing is to verify the Login and Register related functionalities using manual testing techniques.

### ## 2. Project Information

Project Name: OrangeHRM Live

Module Name: Login Page, Register Page

Build No: 1.0.0

Browser: Chrome, Edge

Browser Version: 144.0.7559.109

Test Type: Manual Testing

Prepared By: Vishal Wakchaure

### ## 3. Scope of Testing

#### ### In Scope

- Login functionality
- Register functionality
- Input field validation
- Error message validation
- Decision table based testing for Login
- UI level validation for login and register screens

#### ### Out of Scope

- Performance testing
- Security testing
- Automation testing
- API testing
- Mobile application testing

#### **## 4. Test Items**

- OrangeHRM Login Page
- OrangeHRM Register Page

#### **## 5. Test Approach**

The following techniques are used:

- Test scenario based testing
- Decision table testing (for Login)
- Positive and negative testing
- Boundary and validation testing

Test scenarios and decision tables are prepared before execution.

#### **## 6. Test Deliverables**

- Test Scenarios document
- Decision Table document
- Test cases
- Defect reports
- Test summary report

## **## 7. Test Environment**

Operating System: Windows 10

Browser: Chrome, Edge

Test Environment: Web application

URL: <https://www.orangehrmlive.com/>

## **## 8. Entry Criteria**

- Application should be accessible
- Test environment should be ready
- Test scenarios and decision tables should be prepared

## **## 9. Exit Criteria**

- All planned test scenarios are executed
- All critical and high severity defects are reported
- Test execution is completed

## **## 10. Roles and Responsibilities**

**Tester: Vishal Wakchaure**

### **Responsibilities:**

- Understanding requirements
- Preparing test scenarios
- Creating decision tables

- Executing test cases
- Logging defects
- Preparing test summary report

## **## 11. Risks and Assumptions**

### **### Risks**

- Application changes without notification
- Test environment downtime

### **### Assumptions**

- Stable test environment will be available
- Requirements are clearly understood

## **## 12. Test Schedule**

Requirement understanding – Completed

Test scenario preparation – Completed

Decision table preparation – Completed

Test execution – Planned

## **## 13. Approval**

Test Plan prepared for learning and practice purpose.
